

PRINCETON RESCUE SQUAD EDUCATION DEPARTMENT

701 Stafford Drive Princeton, WV 24740

POLICY: Clinical Internship: Field Preceptor

Effective Date: November 1, 2019

TITLE: Field Preceptor

RATIONALE: To ensure the consistency and effectiveness of adequate supervision during the internship phase of any educational program that requires a clinical internship component.

POLICY/PROCEDURE:

All Field Preceptors are required to attend an orientation course which provides instruction on the expectations of students and preceptors during the internship phase of education. This orientation may include additional training on working with various learners in the field, and will require the completion of affiliation agreements and verification of FERPA training.

All Field Preceptors must attend annual updates to remain active in field internship training events.

Any Field Preceptor that does not attend the annual update will be identified as “inactive” until such time as he/she completes the annual update.

RESPONSIBLE PERSONNEL: Clinical Coordinator, Administrative Assistant
